To Register: Parents/Guardians must complete a form of interest indicating that they would like for their child to attend the program. This form can be found by visiting <http://www.spalding.k12.ga.us/Departments/Elementary-After-School-Program/index.html>.

At the beginning of the school year, once all forms of interest have been received by the specified date, ASP will conduct a lottery. Parents will then be notified that 1) their child has been accepted and they will be given directions on how to complete the registration process or 2) their child has been placed on a waiting list and will be contacted when an opening is available.

Once school has started, the process is the same except no lottery will be involved. The parent will be notified if there is an opening available or if the child's name will be placed on a waiting list.

Registration must be completed each school year for the child to participate in the program.
