ACADEMIC STANDARDS INFORMATION

GEORGIA STUDENT ASSESSMENTS

The purpose of the Georgia Student Assessment Program is to measure student achievement on the state-adopted content standards and increase efforts to improve teaching and learning. Results of the assessment program are utilized to identify students failing to achieve mastery of content, to provide teachers with feedback about instructional practice and to assist school districts in identifying strengths and weaknesses in order to establish priorities in planning educational programs. The primary assessments include the Georgia Milestones Assessment System: End of Grade (EOG) in grades 3-8 and End of Course (EOC) in grades 9-12. Students in grades 3 through 8 take an end-of-grade assessment in English Language Arts and Mathematics. Students in grade 5 are also assessed in Science and students in grade 8 are also assessed in Science and Social Studies. High school students take an end-of-course assessment in Algebra I, American Literature, Biology and U.S. History as designated by the State Board of Education. The school system will continue to administer the Georgia Kindergarten Inventory of Developing Skills (GKIDS) in kindergarten and the Georgia Alternate Assessment (GAA) in grades 3-8 and 11. Other assessments include Assessing Comprehension and Communication in English State to State (ACCESS) for English Learner (EL) students and the National Assessment of Educational Progress (NAEP). Students are also offered opportunities to participate in the PSAT, SAT, ACT and Advanced Placement (AP). In addition to these assessments, the Griffin-Spalding County School System administers assessments for ELA, math, science and social studies through the year with the Mastery Connect and Measures of Academic Progress (MAP) platforms in a variety of grades 1-12. Schools also develop their own assessments to indicate student mastery of content.

CURRICULUM

The Griffin-Spalding County School System (GSCS) will follow the Georgia Standards of Excellence in K-12 English language arts, mathematics, science and social studies. Additional grade and content specific information on the standards that outlines exactly what students are expected to know and be able to do can be found at <https://www.georgiastandards.org/Pages/default.aspx>.

GEORGIA STANDARDS OF EXCELLENCE

The State Board of Education (SBOE) requires school systems to use the Georgia Standards of Excellence for English language arts, mathematics, science and social studies.

COLLEGE AND CAREER READY PERFORMANCE INDEX (CCRPI)

Georgia's current accountability index is the College and Career Ready Performance Index (CCRPI). It is designed to rate school performance. The reporting method is calculated with appropriate indicators for elementary, middle and high schools and will yield an in-depth analysis of students' college and career readiness. It will measure the extent to which a school, school district and the state are successfully making progress in a number of key areas, such as content mastery, student attendance and the next level of preparation. Stakeholders will now have a complete and comprehensive picture of where a school or district is meeting performance expectations and where it is not. As of December 2012, every school in the state will receive a numerical index score out of 100 points called the College and Career Ready Performance Index (CCRPI) score. Additionally, a percentage of Title I schools will be identified as Comprehensive Support and Improvement or Targeted Support and Improvement Schools. These new school designations provide a deeper understanding of what resources schools need in order to be successful in their efforts to prepare students to be college and career ready.

ASBESTOS

The Asbestos Hazard Emergency Response Act (AHERA), was passed by Congress in 1986. AHERA requires local education agencies (LEA) to inspect their schools for asbestos-containing building materials and to prepare management plans to monitor and adequately maintain identified products and reduce potential asbestos hazards. The current AHERA Management Plans are available for public review at the Construction and Facilities Department Offices, at the Central Office Campus, during normal working hours. Any inquiries regarding the management plans and asbestos-related issues should be directed to the LEA Designee for the Griffin-Spalding County School System, Bruce Ballard (770) 229-3700. It is the intention of the Griffin-Spalding County School System to comply with all federal and state regulations controlling asbestos and to ensure a healthy and safe environment to learn and work.

ATTENDANCE

Regular school attendance is indicative of a positive attitude toward learning and self-discipline. Therefore, it is in each student's best interest to attend school every day. School day defined: The length of the school day includes not less than six hours of instruction, excluding class changes and lunch periods. The Griffin-Spalding County School System's policy is to allow a student no more than seven unexcused absences from any class per semester. If absences exceed seven days, excuses must be brought to the attendance office and cleared for a student to receive credit.

Absence from school is excused for the following reasons:

1. Personal illness
2. Serious illness or death in family
3. Condition making attendance impossible
4. Religious holidays
5. Serving as Page in the General Assembly (counted present for class)
6. Trips approved by the local school board (first two days only)
7. Approved school events
8. Required court appearance
9. Certain military pre-induction physical and military testing
10. Official visits to colleges or universities

Any other absence must first be approved "**excused**" by the principal to be considered excused. Parents of students who have unexcused absences totaling five days will be notified by letter as to the student's unexcused absence. Parents of students who have unexcused absences totaling seven or more days may be notified by the school social worker as to their expectations of their child attending school and the consequences of continued non-attendance. Parents of students who have unexcused absences totaling ten days will be notified by letter as to the student's unexcused absence. If the student is under 16 years of age, legal action within the court system may be taken by the school.

If a student is over 16 years of age, the student may be withdrawn from Griffin-Spalding County School System due to non-attendance.

Reminders:

1. All excuses must be taken to the attendance office to have the absence changed from unexcused to excused.
2. Keep a record of your absence should you ever need it.
3. It is the student's responsibility to obtain work from teachers whose classes he/she missed in accordance with school policy.

ATTENDANCE - COMPULSORY ATTENDANCE LAW (SECONDARY)

The Griffin-Spalding County Board of Education's Policy JBA www.spalding.k12.ga.us requires that elementary and secondary students miss no more than 15 days each school year. Students in middle and high school shall have no more than seven (7) absences per semester. Middle and high school students who are absent more than seven (7) days per semester will receive credit only if the student adheres to the makeup work provisions described in Griffin-Spalding County Board of Education Policies JBA and JBD and brings a doctor's excuse or presents acceptable extenuating circumstances for the absences.

Driver's License:

A Certificate of Enrollment Form will be issued to an eligible student who is:

- Enrolled in and not under expulsion from school.

The school attendance law for Georgia is as follows: A Section 20-2-690.1 (a) Every parent, guardian, or other person residing within this state having control or charge of any child or children between their sixth and sixteenth birthdays shall enroll and send such child or children to a public school, a private school, or a home study program that meets the requirements for a public school, a private school, or a home study program under such penalty, for noncompliance with this subsection as is provided in Chapter 11 of Title 15, unless the child's failure to enroll and attend is caused by the child's parent, guardian, or other person, in which case the parent, guardian, or other person alone shall be responsible. (b) Any parent, guardian, or other person residing in the state who has control or charge of a child or children and who shall violate this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense. After two reasonable attempts to notify the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence without response, the school shall send a notice to such parent, guardian, or other person by first class mail.

Any child subject to compulsory attendance who during the school calendar year has more than five days of unexcused absences is considered truant.

ATTENDANCE - EARLY DISMISSAL FROM SCHOOL

Griffin-Spalding County School System discourages early dismissals from school. Students need to be in class every day and every class period in order to maximize their school experience. Occasionally students need to leave school early for doctor appointments, court appearances, dental appointments, becoming ill while at school, etc. If a student must leave school early, he/she must:

1. Present a written note signed by the student's parents or legal guardian to the Attendance Office BEFORE SCHOOL

BEGINS THAT DAY. If student becomes ill during school, student should secure an early dismissal slip from the Attendance Office.

2. Secure an early dismissal slip from the Attendance Office; Please note: early dismissal from school will not be allowed based on a telephone call to the attendance office.
3. Wait in the classroom until the time to depart has arrived. Students will not be allowed to wait in front of the school.

BULLYING

The Griffin-Spalding County School System believes that all students can learn better in a safe school environment. Behavior that infringes on the safety of students will not be tolerated. Bullying, as the term is defined in Georgia law, of a student by another student is strictly prohibited. Such prohibition shall be included in the Student Code of Conduct for all schools within the school system.

Bullying is defined as follows: An act that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
 - a. Causes another person substantial physical harm within the meaning of Code Section 16-5-23.1 or visible bodily harm such as term is defined in Code Section 16-5-23-1;
 - b. Has the effect of substantially interfering with a student's education
 - c. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
 - d. Has the effect of substantially disrupting the orderly operation of the school.

The term applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of the Griffin-Spalding County School System. The term also applies to acts of cyber-bullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if electronic communication (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and (3) creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

Procedures may be developed at each school encouraging a teacher or other school employee, student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person's name, at the person's option, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying is encouraged to immediately report it to the school principal. Any report will be appropriately investigated by the administration based on the nature of the complaint in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. Any report of retaliation for reporting bullying will also be investigated and addressed as called for in this policy and in accordance with school procedures.

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Conduct. However, upon a finding by the disciplinary hearing officer, panel or tribunal that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to an alternative school.

Upon a finding by a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student by telephone call or through written notice, which may be done electronically.

Students and parents will be notified of the prohibition against bullying and the penalties for violating the prohibition by posting information at each school and by including such information in the student/parent handbooks.

19. Face the front of the bus and use the front entrance to exit the bus, except in cases of emergency. Do not jump down the steps when exiting the bus.

20. Any object brought on a school bus must fit safely under the passenger's seat or be held in the student's lap. If held in the lap, the object cannot extend any higher than the passenger's abdomen (below the chest). No items can block the aisle or emergency exit. This includes but is not limited to large band instruments, science projects, athletic equipment, and any field trip supplies. If students are on board, no exit or aisles can be blocked regardless of the need. Do not bring any type of live animals on the bus (this includes insects and reptiles).

21. Avoid displaying affection while on the bus.

22. The 12-foot zone around the bus is the danger zone. All students must move outside the danger zone as quickly as possible. At no time should students enter this zone unless the bus is stopped and the driver signals the student it is safe to approach the bus. If it is necessary to cross the highway after leaving the bus, follow these rules: Make certain the bus is stationary and the door is still open. Wait for the bus driver to give a signal to cross, look both ways, stay out of the line of traffic until the roadway is free of danger, then, proceed across the highway after the bus driver signals you to cross.

Students shall not cause or threaten to attempt to cause physical injury or behave in such a manner as could reasonably be interpreted to cause an assault, battery or physical injury to a teacher, bus driver, or other school employee while riding a school bus or waiting to board a school bus (Code 20-2-751.6). In addition, if a student is found to have engaged in acts of physical violence on a school bus, as defined in Rule 4 of the Student Disciplinary/Conduct Code, the student shall be disciplined according to the provisions of Rule 4.

28. Students shall refrain from acts of vandalism, graffiti, or defacing property.

29. Students shall refrain from other bus misconduct which includes, but is not limited to, misconduct that involves drugs or alcohol.

Note: Riding the bus is a privilege. Students riding the bus must comply with the requests of the driver and all bus regulations as defined by the Griffin-Spalding County School System. Students who refuse to obey bus regulations are subject to lose their riding privileges.

Bus Stop Information:

A bus stop location will be assigned to each student once they are enrolled in their school and have registered for transportation services. Assigned bus stop locations are based on the stop's proximity to a student's primary address in the student information system (Infinite Campus.) Communal Bus Stops (stops that serve multiple students and multiple addresses) will be utilized whenever possible. Door to door stops will be eliminated where possible. Students residing on roadways deemed "walk hazards" by the Transportation Department will have stops placed as close to their residence as possible. Bus stops may be placed on these roadways, but student foot travel will be minimized and eliminated if possible.

General education students will not be allowed to utilize multiple addresses, buses, or bus stops according to the time of day or given day of the week. Each student must utilize one bus and one bus stop (see Rule #11 for exceptions.)

Parents and guardians are responsible for ensuring the safe travel of their students to and from the student's assigned location.

Student safety remains our primary concern, and we view parents and guardians as partners in this effort to ensure that all students are kept in the safest atmosphere possible. If a parent or guardian has concerns about an existing bus stop location or the safety conditions around an existing bus stop location, they should go to the district's transportation web site: http://www.spalding.k12.ga.us/pages/GSCS_District-Central/Departments/Transportation2 to view the stop placement criteria and the available methods of communicating their concerns.

Initiating Transportation Services (General Education Buses):

Prior to riding a GSCS school bus a student must be:

- a. Registered in the school system
- b. Enrolled in a GSCS school
- c. Eligible for Transportation Services
- d. Registered for transportation services
- e. Formally assigned a bus number and a bus stop location.

Students will not be placed on a GSCS school bus until all of the criteria listed above have been met. Once a student is registered, enrolled and identified as a bus rider, the assignment process will begin. This generally takes 1 to 3 operational days to complete, according to the individual request. Same day bus passes will not be issued to newly enrolled students. Parents and guardians should arrange transportation for their student(s) until their formal bus assignment has been confirmed.

- All related transportation services for students with special needs will be identified and requested through the IEP process. Should you have any questions pertaining to special needs transportation services please contact your current school of enrollment or the GSCS Transportation Department at 770-229-3725.

Registering for Transportation Services:

- A district wide pre-registration process will take place at the end of each school year for the upcoming year. Registration forms will be sent home with each Elementary and Middle school student. High school students will define their own transportation needs through a query process established at each school.
- Parents and Guardians may register their student(s) for transportation services any time during the operational school year by notifying their school's front office or by contacting the GSCS Transportation Department at 770-229-3725.

Confirming a Student's Bus information:

- Bus information for all pre-registered students will be available at your school of enrollment at the beginning of each school term and any time during the operational year.
- Transportation Staff will be on site for all annual open house ceremonies to assist parents and guardians seeking bus information.
- Parents and guardians can also confirm their student(s) bus information at any time by logging in to the GSCS Transportation web site and utilizing the E-link option. Your student's school ID number will serve as both the username and password. If you do not know your student's Id number, please contact your school of enrollment.

Bus Pass Procedures:

Bus Passes are frequently used by schools to define temporary alternate means of transportation for a student. The Bus Pass grants permission for a registered bus rider to use an alternate bus or bus stop inside their school's attendance zone.

The district realizes that parents and guardians may encounter unplanned circumstances or emergencies that may require a short-term change to their student's normal bus schedule.

When issuing Bus Passes, consistent processes must be followed to ensure the safety of our students. The following procedures will be followed by all GSCS schools, when issuing Bus Passes.

- All Bus Pass requests must come from a parent or guardian in person or in writing (email is acceptable). A Bus Pass request will not be accepted or approved over the phone.
- "Same day" Bus Pass requests for High School students and Elementary students must be submitted by a parent or guardian prior to 1:00 PM.
- "Same day" Bus Pass requests for Middle School students must be submitted by a parent or guardian prior to 1:30 PM.
- Bus Passes will not be issued for more than 10 consecutive operational days. If additional time is needed, a parent or guardian may request another Bus Pass.
- Students utilizing an alternate bus or bus stop must provide the bus driver with a copy of the approved Bus Pass, when boarding. Students that do not have a copy of an approved Bus Pass will be required to use their regularly scheduled means of transportation.
- Bus passes will only be issued for existing bus stop locations. Bus Passes will not be used to establish new bus stop locations or to change existing route schedules.
- Bus Passes will not be issued for stop locations outside of a school's attendance zone.

Safe Rider Program (Middle and High School):

The GSCS Transportation Department would like to introduce you to the "Safe Rider Program". The safety of our students remains our number one operational priority. To ensure student safety, we must first ensure that our students understand the bus rules and that they adhere to the district's expectations when riding a GSCS school bus.

"The Safe Rider Program" implements valuable student training and consistent processes to address those situations when students choose to behave unsafely both on and around the bus. The program includes a defined and graduated discipline plan with the core of the program promoting personal accountability and empowering students to correct their unsafe behavior themselves. This program does require your partnership. Please review and share all Safe Rider information with your student, and sign the Safe Rider Acknowledgment of Receipt. This is required for all GSCS bus riders.

Thank you for your support.

Any behavior that is considered disruptive or unsafe by the school bus driver will be handled through the use of "The Safe Rider Program". Serious offenses will be administered through Student J-Policies. District J policies will always override SRP regulations.

Unsafe Behavior on the Ride Home:

If unsafe behavior occurs before the bus leaves the school, the student will be provided with two options:

- (1) Correct the behavior and continue home
- (2) Be removed from the bus and stay at the school with staff supervision until a parent or guardian can pick up the student).

If unsafe behavior occurs after the bus leaves the school, the driver will contact the dispatch office. A transportation administrator will assess the situation and if necessary, instruct the driver to return the student to the school to remain under staff supervision until a parent or guardian can pick the student up.

Graduated Bus Discipline Plan (Middle/High School):

- 1st Offense – Driver Student Conference & Parent Contacted (Courtesy Notice). Student on probation and re-assigned to a seat toward the front of the bus for (1) week.
- 2nd Offense – Driver Student Conference & Parent Contacted (Courtesy Notice). Student on probation and re-assigned to a seat toward the front of the bus for (2) weeks.

- 4th Offense – Referral submitted, 5 Day Bus Suspension. *Conference required before returning to the school bus.
- 5th Offense – Referral submitted, Transportation Director recommends Bus Suspension for the remainder of the school year. Note: Steps may be skipped if a student violates a rule while on a re-assigned seat or during a probation period.

Note: Steps may be skipped if a student violates a rule while on a re-assigned seat or during a probation period.

CLUBS AND ORGANIZATIONS

Clubs and organizations are defined as “clubs and organizations comprised of students who wish to organize and meet for common goals, objectives, or purposes and which are directly under the sponsorship, direction, and control of the school” (O.C.G.A. 20-2-705). Please refer to “Our Schools Link” on the Home Page of www.spalding.k12.ga.us for a complete listing of clubs, mission or purpose of the clubs, faculty advisor of the clubs, and a description of past or planned activities of clubs offered at your child’s school. Parental Consent for Participation in School Sponsored Clubs Georgia law (Code Section 20-2-705) requires that students and parents receive information on school clubs and organizations at the beginning of each school year. The information must include the name of the club or organization, mission or purpose, name of club’s faculty advisor, and a description of past or planned activities. On a form there must be an area for a parent or guardian to decline permission for his or her student to participate in a club or organization designated by him or her. For clubs or organizations started during the school year, the school is required to get written permission from a parent or guardian prior to a student’s participation.

ACCOMMODATING STUDENTS WITH DISABILITIES AND/OR SPECIAL DIETARY NEEDS

Griffin-Spalding County Public Schools will make accommodations for children with disabilities whose disability or special dietary need restricts their diet, when that need is certified by a licensed physician. For modifications or substitutions to the school meals, the school's Nurse and Nutrition Manager must have a written **Medical Statement to Request Accommodations for Disabilities in the School Meal Programs** Form on file that is signed by a licensed physician or licensed health care professional who is authorized to write medical prescriptions under State law.

The Physician's medical statement must identify the specific nutritional needs of the student. This includes listing all dairy, peanut, shellfish, or other types of food allergies. *Note this form is available on the School Nutrition website under the Special Dietary needs info tab. Parents should have this form completed by the licensed physician or licensed health care professional who are authorized to write medical prescriptions under State law.

Griffin-Spalding County Public Schools does not have peanut or nut free schools. Children have the option to bring meals from home, therefore meals may contain nuts or foods purchased from a facility that processes nuts.

To support the management of special dietary needs, the entire day's menu is posted on the School Nutrition website.

RESPONSIBILITY OF PARENTS WITH STUDENTS REQUIRING SPECIAL DIETARY MEALS

Notify the School Nurse of any food allergy, disability, or special dietary need regarding their child.

Provide Medical Statements completed by a licensed physician or licensed healthcare professional who is authorized to write medical prescriptions under State law.

MEDICATION

Ideally, parents should administer medications at home; however, the Griffin-Spalding County School Board recognizes that children may be unable to attend school without medications prescribed for the treatment of injuries, illnesses, or chronic conditions.

Additionally, these same children will require assistance to take their medications at school.

The Griffin-Spalding County Board of Education cannot assume the responsibility for the administration of any medication that is not registered at school. The principal or staff member designated by the principal shall be responsible for administering or assisting student in the administration of medication, documentation of administration of medication, and storage of all medications in a locked cabinet in the nursing clinic, except when the parent or physician specifies in writing that the medication may be kept on the student's person. The school nurse and school administrator or designees are the only people allowed to possess medication access keys.

The parent or legal guardian must complete and sign a medication administration authorization form (JGCD-E(1)) for administration of any medication at school detailing the student's physician, medication name, dosage and frequency. The medication will be administered only in accordance with the written instructions from the prescribing physician (properly labeled prescription bottle from pharmacy is sufficient). No change in dosage or time of administration will be honored without written authorization from the physician (copy of order, prescription or newly labeled bottle).

All guidelines under policy JGCD-R(1) concerning administration of medication will be followed.

| PARENT AND FAMILY ENGAGEMENT INFORMATION |
|---|

PARENT AND FAMILY ENGAGEMENT

The school district will be governed by the following definition of parent engagement and expects that its Title I schools carry out programs, activities, and procedures in accordance with this definition in ESSA:

Parent engagement means the participation of parents in regular, two-way, and meaningful communication engaging students academic learning and other school activities, including ensuring:

- Parents play an integral role in assisting their child’s learning.
- Parents are encouraged to be actively engaged in their child’s education at school.
- Parents are full partners in their child’s education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

OPPORTUNITIES FOR PARENT AND FAMILY ENGAGEMENT

Some opportunities for parent and family engagement include parent workshops, parent advisory committees, school council, PTO, parent volunteers, school planning meetings and parent-teacher conferences.

PARENT AND COMMUNITY ENGAGEMENT LIAISONS

Each school has a Parent and Community Engagement Liaison(s) that coordinates parent activities. For more information, contact your child’s school. If you have any comments or suggestions, always feel free to contact your parent liaison. Your liaison will take your feedback to the leadership team of the school and will provide helpful tips to school staff.

PARENT AND FAMILY ENGAGEMENT POLICY

The purpose of the school parent and family engagement policy is to ensure that strong strategies are in place to build the capacity of parents, to engage parents in an effective partnership with the school and to share and support high student academic achievement. The school and parents must jointly develop and agree on the policy. It is revised every year to meet the changing needs of parents. Finally, the policy is distributed to parents in multiple ways.

The school district also has a district parent and family engagement policy. It is revised every year and a copy of this document is also distributed to parents in multiple ways.

SCHOOL-PARENT COMPACT

Every year students, parents and school staff sign a compact or agreement. This compact outlines how parents, the entire

school staff and students will share the responsibility for improved student achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. This compact is revised with parent input at the end of each school year and then is distributed to all parents to be signed at the beginning of the next school year.

PARENT SURVEY

At the beginning and end of the school year, schools distribute a parent questionnaire. The results of this survey are used to review the effectiveness of parent activities. Feedback from these surveys is very important. The school parent and family engagement policy and school activities are developed from feedback parents give on these surveys.

PARENT RESOURCE CENTERS

There are two parent resource centers available for your use to support you and the education of your children. The goal of all of the parent resource centers is to share the benefits of parent and family engagement and take advantage of available services that lead to the academic success of children.

- **School Parent Resource Centers**

Each Title I school has a parent resource room or area where you can obtain valuable resources on how to support your child's academic efforts in math, science, social studies and English language arts.

- Contact: Your school or Parent and Community Engagement Liaison
- Hours: School hours

- **District Parent Resource Center**

The district family resource center has DVDs, books and audio CDs available for parent checkout. You will also find valuable information on supporting your student academically.

- Location: Room B121, Parent Services Center at 234 E. Taylor Street, Griffin
- Contact: TBD, District Parent and Community Engagement Specialist at 770-229-3710, ext. 10363

PARENT NOTIFICATION

Parents will receive a call from the school whenever your child is absent or tardy to one or more of his/her classes. If you know your child will be absent, please call the Attendance Office or Principal's office. The school district and schools may make robocalls and automated texts to student families regarding emergencies and activities or events related to the district or school's mission to numbers that families have provided to the school district.

POSITIVE BEHAVIOR INTERVENTION AND SUPPORT (PBIS)

The Griffin-Spalding County School System also participates in Positive Behavior Intervention and Support (PBIS) and has been recognized as a leader in the state. PBIS is an evidence-based, data-driven framework proven to reduce disciplinary incidents, increase a school's sense of safety, and support improved academic outcomes. More than 10,000 U.S. schools are implementing PBIS and are saving countless instructional hours otherwise lost to discipline. The premise of PBIS is that continual teaching, recognizing and rewarding of positive student behavior will reduce unnecessary discipline and promote a climate of greater productivity, safety, and learning. Please contact the principal at your school for additional information or the district's Multi-Tiered System of Supports (MTSS) Coordinator, Dr. Eleajah McElroy, at 770-229-3700 or eleajah.mcelroy@gscs.org. Information about PBIS is also available on our website.

PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

The Griffin-Spalding County School System shall not require any student to submit to a survey, analysis, or evaluation that reveals information concerning:

1. Political affiliations or beliefs of the student or the student's parents;
2. Mental or psychological problems of the student or the student's family;
3. Sex behavior or attitudes;

4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or student's parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program) without prior written consent of the parent or eligible student.

A parent of a student may, upon request, inspect any survey created by a third party containing one or more of the items listed as (1) through (8) above before the survey is administered or distributed by a school to a student and may choose to opt the student out of participation in the survey.

A parent of a student may, upon request, inspect any instructional material used as part of the educational curriculum for the student. This request will be handled within a reasonable period of time after the request is received.

Parents shall be notified prior to the administration of physical examinations or screenings that the school may administer to students. This notice shall offer the parent the opportunity to opt the student out of any non-emergency, invasive physical examination or screening that is (1) required as a condition of attendance; (2) administered by the school and scheduled by the school in advance; and (3) not necessary to protect the immediate health and safety of the student or of other students.

The parent of a student shall be notified prior to the commencement of activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose). The school system shall offer the parent the opportunity to inspect, upon request, any instrument used in collection of such information before the instrument is administered or distributed to a student and to opt the student out of such activities. This request by a parent for reasonable access to such instrument shall be handled within a reasonable period of time after the request is received. The requirements of PPRA do not apply to a survey administered to a student in accordance with the Individual with Disabilities Education Act (IDEA).

RESIDENCY VERIFICATION

Registration of a student begins when a parent, guardian, or other person having control of a child (eligible for non-parental affidavit), or the student (in the case of an emancipated minor) provides the school system with the appropriate documentation as required by Griffin-Spalding County Board Policy JBC. The registration process takes place at Central Registration. Once documents that are required during the registration process have been provided to the school system and have been approved, students requesting enrollment in the Kindergarten-12th grades will be contacted via email with information informing the parent/guardian which school serves their particular residential area stating that student has been registered in the Griffin-Spalding County School System. The Griffin-Spalding County School System maintains the right to verify and/or request updated residential documentation from parent/guardian as needed.

Please visit www.spalding.k12.ga.us to review the complete Student Residence Policy – Refer to Policy JBC-R(3)

SCHOOL VOLUNTEERS

How can you be better involved with our schools than to volunteer your time? Even an hour a week can mean the difference between success and failure for a student. Each of our schools has a variety of opportunities to suit you and your schedule.

Simply complete the volunteer application and authorization of release of criminal information found in our schools and online at www.spalding.k12.ga.us. Return the forms to the school where you wish to volunteer or to the Superintendent's Office. We will do the processing and send it to our Human Resources Department to complete the authorization. The cost associated with the background check is \$10.00; please enclose the cash or a check made payable to the Griffin-Spalding County School System. (If you are associated with a specific organization, that organization may be paying the cost of this safety measure; please check with the school or your organization.)

We value your contribution to our schools and look forward to your working with our students. Even if your schedule keeps you from volunteering right now, we urge you to complete the application process and be ready to join our school volunteer team when the time is right for you. For more information or questions, please contact Candace Peek, 770-229-3710 ext. 10422 or candace.peek@qscs.org.

SEARCH AND SEIZURE POLICY

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search student lockers or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

As used in this policy, the term "unauthorized" means any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission or process of the school, or any time described as unauthorized in school rules available beforehand to the student. A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action.

NOTICE: Any item confiscated by school personnel must be retrieved by a parent within 30 days. Items may be donated to charity or disposed of after 30 days.

PERSONAL SEARCHES

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion that the student is in possession of illegal or unauthorized materials. If a pat-down search of the student's person is conducted, it will be conducted in private by a school official of the same sex, with an adult witness of the same sex present.

If the school official has reasonable suspicion to believe that the student has on his or her person an item imminently dangerous to the student or to others, a more intrusive search of the student's person may be conducted. A school official of the same sex may only conduct such a search in private with an adult witness of the same sex present.

SCHOOL PROPERTY SEARCHES, INCLUDING LOCKER SEARCHES

Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. Students who vandalize or 'peg' their lockers are subject to being fined and loss of locker privilege. Students are to use only the locker assigned to them. Students may not share lockers. Periodic general inspection of lockers may be conducted under supervision of school authorities for any reason at any time without notice, without student consent, and without a search warrant. This will include classroom or school-wide searches using electronic devices, or other means as warranted.

AUTOMOBILE SEARCHES

Students are permitted to park on school premises as a matter of privilege, not of right.

The school retains authority to conduct routine patrols of student parking lots and inspections of the exterior of student automobiles on school property; the interior of student vehicles may be inspected whenever a school authority has reasonable suspicion to believe that illegal or unauthorized materials are contained inside. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

SEIZURE OF ILLEGAL MATERIALS

If a properly conducted search yields illegal or contraband materials, such findings must be turned over to proper legal authorities for ultimate disposition.

SECRET SOCIETIES (GANGS)

The Griffin-Spalding County Board of Education finds and declares that it is the right of every student in the Griffin-Spalding County School System to learn in a safe secure and protected learning environment and that it is the right of teachers, administrators and other employees of the school district to work in a safe, secure and protected environment. The Griffin-Spalding County Board of Education further finds that the existence of criminal street gangs in schools of the Griffin-Spalding School System is a direct threat to a safe, secure and protected learning and working environment.

Criminal Street Gang means any organization, associated in fact, whether formal or informal, which engages in criminal gang activity as defined in OCGA § 16-15-3 (1). The existence of such organization, association, or group of individuals associated in fact may be established by evidence of a common name or common identifying signs, symbols, tattoos, graffiti, gestures or attire or other distinguishing characteristics, including, but not limited to, common activities, customs, or behaviors. Such term shall not include three or more persons, associated in fact, whether formal or informal who are not engaged in criminal gang activity.

1. Participation in any criminal gang activity as defined in OCGA § 16-15-3 (1) and or OCGA 16-15-4 (a)-(j) is prohibited.
2. Wearing of any insignia, and/or uniforms, or other means of any gang identification, or using or making any signs, signals, or other means of gang communication or identification by any student or non-student visiting on the premises of any school facility shall not be permitted.
3. Any attempt to gather or commingle on school premises, facilities, or property for any purpose by gang members shall be prohibited.
4. No student shall use, employ or rely upon his or her gang membership or affiliation to threaten, to intimidate, or to harass verbally or physically other students or employees of the Griffin-Spalding County School System.
5. All of the above prohibitions concerning gangs apply as well to any school functions or events conducted away from school facilities, property, or premises.

Any student who violates this policy or any subpart thereof shall be subject to discipline under the Griffin-Spalding County School System Behavior Code and Discipline Policy, including the sanction of expulsion, if warranted under the particular circumstances of a violation.

SEXUAL HARASSMENT

It is the policy of the Board of Education to maintain a learning environment that is free from sexual harassment. It shall be a violation of this policy for any member of the district staff to harass a student through conduct or communications of a sexual nature as defined below. It shall also be a violation of this policy for students to harass other students or any school employee through conduct or communications of a sexual nature as defined below.

Unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student or when made by any student to another student or system employee constitutes sexual harassment when:

- Submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's education.
- Submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual.
- Such conduct has the purpose or effect of substantially interfering with an individual's academic or professional performance or creates an intimidating, hostile or offensive academic environment.

Sexual harassment, as defined above, may include but is not limited to the following:

- Verbal harassment or abuse
- Pressure for sexual activity
- Repeated remarks to a person with sexual or demeaning implications
- Unwelcome touching

Suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning ones' grades, job, etc. Any person who alleges sexual harassment by a staff member or student in the school district may complain directly to a principal, assistant principal, guidance counselor or other individual designated to receive such complaints.

Filing of a complaint or otherwise reporting sexual harassment will not reflect upon the individual's status nor will it affect future employment, grades or job assignments.

SPECIAL EDUCATION SERVICES

The Griffin-Spalding County Schools comply with federal laws concerning **Section 504 of the Rehabilitation Act of 1973**. Children eligible for Section 504 accommodations or services include those children who have a physical or mental impairment that substantially limits a major life activity. If a parent or guardian has any concerns regarding 504 plans and or an initial 504, the principal of the school should be contacted. The district 504 Coordinator, Mr. Charles Kelley, can be contacted at 770-229-3700. More guidance, including parent rights and procedural safeguards are listed below:

Section 504 Procedural Safeguards

1. Overview: Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system’s actions or inactions regarding their child’s identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system’s Section 504 Coordinator; however, a grievant’s failure to request a hearing in writing does not alleviate the school system’s obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system’s Section 504 Coordinator. The school system’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

2. Hearing Request: The Request for the Hearing must include the following:

- A. The name of the student.
- B. The address of the residence of the student.
- C. The name of the school the student is attending.
- D. The decision that is the subject of the hearing.
- E. The requested reason for the review.
- F. The proposed remedy sought by the grievant.
- G. The name and contact information of the grievant.

Within 10 business days from receiving the grievant’s Request of the Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation: The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and the school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures:

- A. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant’s Request of Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- B. Upon a showing of good cause by the grievant or the school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- C. The grievant will have the opportunity to examine the child’s educational records prior to the meeting
- D. The grievant will have the opportunity to be represented by the legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for a continuance.
- E. The grievant will have the burden of providing any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e. A recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily (34 C.F.R. §104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.

- F. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall not have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of the witnesses to be present.
- G. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- H. The hearing shall be closed to the public.
- I. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- J. Witnesses will be questioned directly by the party that calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- K. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
- L. Unless otherwise required by the law, the impartial review official shall uphold the action of the school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
- M. Failure of the grievant to appear at a scheduled hearing, unless prior notification of absence was provided and approved by the impartial official or just cause is shown, shall constitute a waiver of the right to a personal appearance before the impartial review official.

5. Decision: The impartial review official shall issue a written determination within 20 calendar days of the date of the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.

6. Review: If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law existing state or federal rules or regulations.

Special Education Services. Special Education is specifically designed instruction provided at no cost to parents that meets the unique needs of a student with a disability. Children are identified and served from ages 3-21 in accordance with state and federal law.

The Griffin-Spalding County School System has an obligation under the Individuals with Disabilities Education Act (IDEA "04) to identify, locate and evaluate all students with disabilities residing within the district who are in need of special education and related services from ages 3 through 21 years, regardless of the severity of their disability. The Griffin-Spalding County School System works cooperatively with the medical community and agencies providing services to children. This includes health departments, social service agencies, mental health centers, day care programs, Head Start and other agencies that work with children and families.

For more information concerning special services, please contact Mr. Charles Kelley at 770-229-3700 and/or charles.kelley@gscs.org.

Seclusion or Restraint of Students – Policy JGF(2)

The Griffin-Spalding County School System supports a positive approach to behavior that uses proactive strategies to create a safe school climate that promotes dignity, increases instructional time, and improves student achievement for all students. Furthermore, we believe that teachers and administrators, who implement evidence-based positive behavior supports with fidelity, create a school environment that is conducive to learning and students are able to achieve without the interruptions that occur when teachers are required to address discipline problems in the classroom. Unfortunately, students sometimes exhibit behaviors which place themselves or others in imminent danger. The Griffin-Spalding County School System implements proactive strategies and interventions to reduce the likelihood of these situations and has clearly identified responses to address such situations when they occur. These responses include a continuum of increasingly more intensive interventions. The Griffin-Spalding County School System complies with state requirements related to seclusion and restraint as defined in Georgia State Board of Education Rule 160-5-1-35: Seclusion and Restraint of Students. This state rule prohibits the use of seclusion and limits the use of physical restraint to situations where a student or students may be at risk to self or others. The Griffin-Spalding County School System adopted Board Policy JGF(2): Seclusion or Restraint of Students to coincide with the state rule. This Board Policy includes, among other things, a) Definitions of physical restraints and seclusion; b) Requirements for the use of physical restraint; c) Student and Staff Safety; d) Staff Training; e) Documentation of the Use of

Restraint; f) Parent Notification; g) Role of Law Enforcement and Emergency Medical Personnel. The GSCS Board of Education conducts a periodic review of the use of restraint to maintain best practice and industry standard related to student safety. Individuals desiring further information regarding rules concerning the restraint of students can visit www.spalding.k12.ga.us to review Policy JGF(2).

Students with Disabilities Code of Conduct

School system rules and disciplinary consequences that apply to students without disabilities also apply to students with disabilities, including those who are being served under an Individualized Education Plan (IEP) or a 504 Plan. However, application of these rules of conduct and disciplinary consequences for students with disabilities is governed by the provisions of the Individuals with Disabilities Education Act (IDEA, rev. 2004); Section 504 of the Rehabilitation Act; applicable court decisions; state board rules, and local school board policies and procedures. These laws and policies provide procedural protection for students with disabilities to ensure that they continue to receive a free and appropriate public education while ensuring that school systems can maintain a safe and positive learning environment for all students and staff. The Code of Conduct applies unless the IEP provides that it does not apply.

Behavior Intervention Plan

A student with disabilities whose conduct is a challenge may have a Behavior Intervention Plan (BIP) that identifies and addresses specific problem behaviors and describes the interventions planned to address these behaviors in the classroom. The plan also describes the antecedent strategies, alternative behaviors, and possible consequences for unacceptable behaviors. If the BIP is part of an IEP or a 504 Plan, it will be developed at an IEP meeting or an SST/504 meeting and must be agreed upon by the team.

Suspension/Alternative Placement

If a student with a disability violates the Griffin-Spalding County School System Code of Conduct, the student can be removed from the class or school for up to a 10-day period (to the extent that this consequence would be applied to students without disabilities). Removal from the class or school for up to a 10-day period during a school year does not constitute a change in placement for a student with an IEP. **IDEA does not prohibit a school district from reporting a crime committed by a student with a disability to appropriate authorities.**

In School Suspension (ISS)

ISS counts toward the 10 day period when students with disabilities do not have access to the general curriculum and to progress toward the goals in the IEP in ISS. If students with disabilities have access to the general curriculum and progress toward IEP goals in ISS, it does not count toward the 10 day period that constitutes a change in placement.

Disciplinary Actions beyond 10 Days

When a student is removed for more than 10 school days the IEP team must determine appropriate services that allow the student to continue to participate in general education curriculum and progress toward meeting the goals outlined in the student's IEP. Parents must be notified immediately of disciplinary actions beyond 10 days and provided with procedural safeguards.

Manifestation Determination Review

A Manifestation Determination Review considers whether or not there is a relationship between the student's disability and the behavior subject to the disciplinary action. A manifestation determination review must be held when a student with a disability engages in a behavior that could result in suspension or placement in an alternate educational program for more than 10 days total during a school year. Suspension(s) and/or alternative placement(s) totaling more than 10 days in a school year constitute a change of placement; consequently, due process procedures apply. This meeting must be held as soon as possible, but no later than 10 days after a determination has been made that a change of placement may occur.

Manifestation Review Team

The manifestation review is to be conducted by the IEP team and other qualified personnel. If the team determines that the behavior of the student with a disability was not a manifestation of the student's disability, the relevant disciplinary procedure applicable to students without disabilities may be applied. If the conduct is found to be related to and/or caused by the disability, the committee must review the IEP goals, FBA (if appropriate), BIP, and the placement considerations, and make a determination whether or not changes need to be made to the IEP.

Manifestation Determination

If the student behavior is not determined to be a manifestation of the student's disability, the same disciplinary actions can be imposed on the student with a disability as those imposed on any student. If these actions include expulsion, the IEP team must determine how the student will continue to receive educational services that allow the student to continue to participate in the general education curriculum and progress toward meeting the goals in the IEP. If the behavior is determined to be a manifestation of the student's disability, the IEP team determines the appropriate disciplinary actions. Parents may question manifestation determination or any decision regarding placement with a right to have an expedited due process hearing.

STUDENT CONDUCT DISCIPLINE

ADMINISTRATIVE REGULATION CODES; JCDA-R(0), JCDA-R(1), JCDA-R(2), JCDA-R(3)

REGULATIONS OF THE GRIFFIN-SPALDING COUNTY SCHOOL SYSTEM GOVERNING STUDENT CONDUCT AND DISCIPLINE

It is the purpose of the Griffin Spalding County Schools to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which require students to conduct themselves appropriately at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board, and to obey student behavior rules established at each school within the district. The following discipline procedures are outlined to ensure that all students are aware of the actions which violate school rules, **the school's Code of Conduct**, and the consequences of such actions. These rules apply to the middle and high school grades (6 – 12). It should be pointed out, however, that this list is not all-inclusive. A student committing an act of misconduct not listed will be subject to the discretionary authority of the principal. Principals shall have wide latitude of discretion in determining the degree of student involvement in disciplinary matters. Parent involvement through conferences is the most desirable avenue for correcting behavioral problems and will be used when possible. **Students under Chronic Discipline Plans (Student Conduct addressed through Chronic Discipline Process) must have parent or guardian involvement in order to successfully change their behavior.** Disciplinary actions may include any or all of the following: conferences, detention, in-school suspension, corporal punishment, Saturday work program, assignment to the in-school suspension program, out-of-school suspension, referral to the Disciplinary Hearing Officer or Panel (**JCEB**), and referral to the appropriate authorities. Once a student has appeared before a Disciplinary Hearing Officer or Panel, the principal is authorized to request another hearing at any future time during the student's educational career in the school system. The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in this Code of Conduct.

STUDENT CODE OF CONDUCT

Students shall:

Respect constituted authority, including teachers, administrators, bus drivers, and other school employees. This shall include compliance with school rules and regulations and applicable provisions of law.

Attend school daily, except when excused, and be on time to all classes and other school day functions. Early dismissal from

school should be limited to valid excuses. Forms explaining attendance guidelines and consequences, resulting from failure to comply, are included near the end of this document. Pursue and attempt to complete the course of study prescribed by the state and the school district. Protect and take care of the school's property and the property of others. Dress and groom to meet fair standards of safety, health, and common standards of decency. Avoid the use of indecent or obscene language, both written and oral. Express ideas in a manner that will not demean or slander others.

CODE OF CONDUCT (JCDA) APPLICATION

The Code of Conduct is effective during the following times and the following places:

- At school or on school property at any time;
- Traveling to and from school property; including school bus stops;
- Off school grounds at any school activity, function or event and while traveling to and from such events;
- On vehicles provided for student transportation by the school system.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

AUTHORITY OF THE PRINCIPAL

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly, or dangerous conduct not covered in this Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school provided any such action does not violate school board policy or procedures.

PROGRESSIVE DISCIPLINE PROCEDURES

When it is necessary to impose discipline, school administrators and teachers will follow a **progressive discipline process**. The degree of discipline to be imposed by **each teacher** and school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student, and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program. Some violations of the Code of Conduct are considered so serious that the student may be referred to a Disciplinary Hearing for possible suspension and/or expulsion for the first offense. The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Isolation or Time Out
- Temporary Removal from Class or Activity
- Parent Notification
- Parent Conference
- Corporal Punishment (**JDA**)
- Detention/Saturday School
- Assignment to In-School Suspension (**ISS**)
- Temporary Placement in an Alternative Education Program (**JCDA-R(3)**)
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion (**JCEB**)
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The School will refer any act of misconduct to law enforcement officials when

school officials determine such referral to be necessary or appropriate. The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion; but those punishments will be determined only by a disciplinary tribunal as outlined in the Griffin-Spalding County Board of Education policies (**JCEB**). Pursuant to O.C.G.A. Section 20-2-751.6 of the 2002 Georgia Legislature any student who is alleged to have committed an act of physical violence against a teacher, school bus driver, or other school official or employee shall be referred to a hearing before a disciplinary tribunal pursuant to the provisions of O.C.G.A. Section 20-2-754; any student so accused shall be suspended pending the hearing. The disciplinary hearing officer, panel, or tribunal composed of school officials appointed by the Griffin-Spalding County Board of Education shall conduct the hearing (JCEB). The decision of the disciplinary hearing officer, panel, or tribunal may be appealed to the Griffin-Spalding County Board of Education pursuant to O.C.G.A. Section 20-2-754. The Griffin-Spalding County School Board may impose penalties not recommended by the disciplinary hearing officer, panel, or tribunal. As used in this policy, consistent with the provisions O.C.G.A. Section 20-2-751.6 of the 2002 Georgia Legislature, the term "physical violence" means:

- (1) Intentionally making physical contact of an insulting or provoking nature with the person of another; or
- (2) Intentionally making physical contact with another which causes physical harm to another unless such physical contacts or physical harms were in defense of self as provided in O.C.G.A. Section 16-3-21. A student found guilty by a tribunal of committing an act of physical violence which causes physical harm to a teacher, school bus driver, school official or school employee shall be expelled from the public school system for the remainder of the period of the student's eligibility to attend public school pursuant to the provisions of OCGA Section 20-2-150. The Griffin-Spalding County Board of Education, in its discretion, may permit the student to attend an alternative education program for the period of the student's expulsion. If the student who commits the act of physical violence which causes physical harm to a teacher, school bus driver, school official, or school employee is in kindergarten through the 8th grade, then the Griffin-Spalding County Board of Education at its discretion and on recommendation of the tribunal may permit such student to re-enroll in the regular public school program for grades 9-12. If the Griffin-Spalding County Board of Education does not operate an alternative educational program for students in kindergarten through 6th grade, the Griffin-Spalding County Board of Education may, in its discretion, permit such student in grades kindergarten through 6th grade to re-enroll in the public school system. Further, any student who is found by a tribunal to have committed an act of physical violence which causes physical harm to a teacher, school bus driver, school official or school employee shall be referred to a juvenile court or other appropriate law enforcement official for prosecution. Any student found to have committed an act of physical violence against a teacher, bus driver, school official, or school employee which act did not result in physical harm to the victim may be, in the discretion of the Griffin-Spalding County Board of Education, disciplined by expulsion, long term suspension, or short term suspension. Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. **If the student is suspended, the student's parents will be notified if possible.** School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported. School officials or law enforcement officers assisting a school official may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus, student book bags, school lockers, desks, and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

PROGRESSIVE LEVELS OF DISCIPLINE

The appropriate level of discipline for misconduct is determined by the following:

- The severity of the violation;
- The circumstances of the violation;
- The discipline history of the student.

LEVEL I DISCIPLINE

Level I discipline is used for minor acts of misconduct which interfere with orderly school procedures, school functions, extracurricular programs, approved transportation, or a student's own learning process. Students may be disciplined by the professional staff member involved or may be referred directly to the principal.

LEVEL II DISCIPLINE

Level II discipline offenses are intermediate acts of misconduct that require administrative intervention. These acts include, but are not limited to, repeated, unrelated acts of minor misconduct and misbehavior directed against persons or property, but which do not seriously endanger the health, safety or well-being of others. Consideration of necessary behavior support services should be given, if not already provided (IGB).

LEVEL III DISCIPLINE

Level III discipline offenses are serious acts of misconduct including, but not limited to, repeated misbehavior that is similar in nature, serious disruptions of the school environment, threats to health, safety, or property and other acts of serious misconduct. These offenses must be reported to the principal. Offenses that threaten the health, safety, or well-being of others may result in immediate suspension of the student from the school and/or school-sponsored activities for up to three school days pending disciplinary investigation of the allegations. Student and parent/guardian participation in a conference with the principal is a required element of all discipline actions in this category, even if such a conference has previously occurred. Initiation of necessary behavior support services should be given, if not already provided (IGB). Due process procedures required by federal and state law will be followed. These may include such procedures as the school disciplinary tribunal and/or procedural safeguards provided by the 1997 Individuals with Disabilities Education Act.

LEVEL IV DISCIPLINE

Level IV discipline offenses are the most serious acts of misconduct. These offenses must be immediately reported to the principal. These violations are so serious that they may require use of outside agencies and/or law enforcement. Such acts may also result in criminal penalties being imposed. Any misconduct that threatens the health, safety, or well-being of others may result in immediate suspension of the student from the school and/or school-sponsored activities for up to three school days, pending disciplinary investigation of the allegations. Student and parent/guardian participation in a conference with the principal is a required element of all discipline actions in this category, even if such a conference has previously occurred. Initiation of necessary behavior support services should be given, if not already provided. Due process procedures required by federal and state law will be followed. These may include such procedures as the school disciplinary tribunal and/or procedural safeguards provided by the 1997 Individuals with Disabilities Education Act.

UNSAFE SCHOOL CHOICE OPTION

Major offenses including, but not limited to, drugs and weapon offenses can lead to school being named as an Unsafe School according to the provisions of State Board of Education Rule 160-4-8-.16.

DISCIPLINARY ACTIONS DEFINITION OF TERMS

Bus Suspension – The student is suspended from the bus for a specified period of time by the local school administrator. The student is expected to attend school, but the parents are responsible for providing transportation to school. (See Bus Rules and Discipline Section.)

Chronic Disciplinary Plan – Discipline and behavioral correction plan.

Detention – Student attends a work/study session outside of regular school hours. Student makes arrangements for transportation. Students reporting to before or after school detention must provide their own transportation. Students and parents shall be afforded 24-hour notice prior to the student serving detention.

Disciplinary Probation – A student found guilty of certain offenses may be placed on probation by the local school and/or the Student Disciplinary Panel or Hearing Officer. Probation is a trial period during which a student violating school and/or school system rules is subject to further disciplinary action.

Due Process – A student is afforded oral or written notice of the charges against him/her and is given an opportunity for a review, hearing or other procedural rights in accordance with state and federal laws.

Expulsion – out of school suspension which extends beyond the current semester.

In-School Suspension (ISS) – The student is removed from regular classes for a specified period of time at the local school.

In programs supervised by a paraprofessional the classroom teacher shall provide lesson plans and materials for ISS students. Students who fail to behave while in the ISS program are subject to out-of-school suspension or provisions outlined in their Chronic Behavior Plan and will be handled through the Chronic Discipline Process. Students must actually attend all school days assigned before being released from the program.

Long-Term Suspension – The student is suspended out-of-school for more than ten (10) days. During the term of suspension, the student is not allowed on the school campus or at any school activity or school-sponsored event.

Parent Conference - In instances where violations of the Student Discipline Code occur, a parent conference may be required by the local school administration before a student is allowed to return to school.

Permanent Expulsion – The student is removed from all public school property and activities or events for an indefinite period of time. This action may be taken by the Board of Education or its designee. Schoolwork may not be made up or credit given.

Saturday Morning Work Program - Students in grades 6 – 12 may be assigned to the Saturday Morning Work Program in lieu of short-term suspension (1-3 days). Students assigned to the program work one (1) Saturday morning (8:00 – 12:00) in lieu of a day of suspension. The program is supervised by a certified teacher. Students assigned to the program must report to the front entrance of the designated high school no later than 8:00 a.m. of the day assigned and must be picked up by 12:00 noon. Students assigned to this work program will be expected to follow the directives of the supervisor and will be subject to serve assigned days on suspension for failure to show up without prior notification. Serious violations of the discipline policy would not warrant the use of this alternative.

Short-Term Suspension – The student is suspended out of school up to ten (10) days by the local school administrator. The student may be suspended for an accumulation of offenses, as well as a major offense. Suspended students shall make up those tests and assignments that the teacher determines will have impact on the student's final grade and mastery of course content. Assignments that the teacher does not require to be made up will not count towards a student's final grade. **Students have two days for every day suspended to make up work. Students must contact teachers and make arrangements. During the term of suspension, the student is not allowed on the school campus or at any school activity or school-sponsored event.** The superintendent, assistant superintendent, principal, assistant principal, or other official in charge of a school or related institution may suspend a student for a period not exceeding ten (10) school days for violation of (a) any of these rules, (b) any state or federal law, (c) any other rule or regulation of the Board of Education or school, or (d) any other act constituting misconduct similar to that enumerated in these rules. Where the conduct constituting grounds for suspension hereunder did not occur in the presence of the person ordering such suspension, the school official shall conduct such informal investigation as is practical under the circumstances, but in any event shall afford the student an opportunity to present any defensive matter in his behalf as may be reasonably available. School officials shall endeavor to notify the parents of the student of such suspension and detain the student, pending their arrival when practical.

Student Disciplinary Hearing Officer, Panel, or Tribunal – Up to a three-member panel composed of administrators, teacher, counselor, social worker, central office staff member(s), or other school official. The hearing officer, panel, or tribunal hears evidence presented by the school system, the student, and parents when a student is referred by the local school principal or his/her designee. The hearing officer, panel, or tribunal has the authority to make decisions ranging from returning the student to the local school to recommending to the Board of Education for permanent expulsion of the student (**JCEB**).

Transmission – Any substance, article, or weapon passed to another person.

Waiver of Right to Attend Student Disciplinary Panel – Parents may sign a waiver if they cannot attend or do not elect to attend the hearing. In the event a parent or student does not attend the hearing, it will proceed as scheduled.

Zero Tolerance – There will be consequences for serious drug, weapon, and youth gang/hate group offenses on school property or at a school activity, function or event. The school system will be proactive. Each individual case will be reviewed.

METHODS OF DISCIPLINE: LONG TERM SUSPENSION

Except as hereinafter provided in Paragraph H of JCEB, a student shall be subject to expulsion or suspension for any period in excess of ten (10) school days, for any violation of student disciplinary code only by action of the Board of Education or disciplinary hearing officer, panel, or tribunal after the student has been afforded notice, opportunity for hearing and the other procedural rights hereinafter prescribed prior to such expulsion or suspension becoming effective. Such expulsion or suspension may be administered by the Board of Education or disciplinary hearing officer, panel, or tribunal notwithstanding that the student was previously suspended by the superintendent or other official under Short Term Suspension Process hereof. A student who is in a special education program cannot be suspended/expelled for long term suspension from school until an "Impartial Review Panel" has met and discussed the facts and circumstances of the case in order to determine if there is a relationship between the student's misconduct and his handicap. A student shall be subject to expulsion or long-term

suspension for any period of ten (10) school days, for any violation of student disciplinary code only by action of the Board of Education or disciplinary hearing officer, panel, or tribunal after the student has been afforded notice, opportunity for hearing, and the other procedural rights hereinafter prescribed prior to such expulsion or suspension becoming effective. Such expulsion or suspension may be administered by the Board of Education or disciplinary hearing officer, panel, or tribunal notwithstanding that the student was previously suspended by the superintendent or other official under Short Term Suspension Process hereof. Where expulsion or suspension under this Rule is proposed to be administered, the Board of Education or its superintendent or other authorized official shall cause a notice to be given to the student and at least one of his parents (or other person standing *in loco parentis*), either in person or by United States mail directed to their last known address, which notice shall include:

- (a) A general description of the acts or conduct of the student and the school rule or regulations alleged to have been violated by the student.
- (b) The names of the witnesses expected to be used in support of the charges or alleged violations.
- (c) The time and place of the hearing.
- (d) Any other data deemed appropriate by the Superintendent of Schools or Board of Education or disciplinary hearing officer or panel to advise the student of his/her rights.

CONDUCT OF HEARING (JCEB)

- (a) The Board of Education or disciplinary hearing officer, panel, or tribunal shall provide and arrange for the recording or transcription of the evidence and proceedings at any hearing. The Board of Education shall not be required to obtain the preparation of a written transcript unless otherwise provided by law.
- (b) Members of the Board, the principal, the school system's attorney, the student, the parents or legal representative of the student, may question witnesses, including the student, about matters logically relevant to the charge or charges against the student and the proper disposition of the matter. The chairperson of the Board, the presiding member of the Board in the absence of the chairperson, the disciplinary hearing officer, or the chairperson of the panel or tribunal shall have authority to limit unproductively long or irrelevant questioning by non-board members.
- (c) Objections to the sufficiency of the notice and all other procedural and other objections shall be waived unless written notice thereof is filed with the Superintendent at least 24 hours prior to the time that the hearing is scheduled to begin.

The hearing may be postponed until all such defects have been cured or removed.

GROUP HEARING

When two or more students are charged with violating the same rule, and have acted in concert, and the facts are basically the same for all such students, a single hearing may be conducted for them if the Superintendent of Schools, chairperson of the Board, the presiding member of the Board in the absence of the chairperson, the disciplinary hearing officer, or chairperson of the panel, or tribunal believes that the following conditions exist:

- (a) A single hearing will not likely result in confusion, and
- (b) No student will have his/her interest substantially prejudiced by a group hearing. If during the hearing the chairperson of the Board, the presiding member of the Board in the absence of the chairperson, the disciplinary hearing officer, or the chairperson of the panel or tribunal finds that a student's interests will be substantially prejudiced by a group hearing, he/she may order a separate hearing for the student.

PUNISHMENT SHORT OF SUSPENSION OR EXPULSION

Teachers and principals have the authority to take customary and reasonable measures to maintain proper control and discipline among students placed under their care and supervision. Such measures may include the use of reasonable force, in the exercise of lawful authority to restrain or correct pupils and maintain order. Reasonable discipline may include the administration of corporal punishment to a student, subject to the following requirements (**JDA**):

- (1) The corporal punishment shall not be excessive or unduly severe.
- (2) Corporal punishment shall never be used as a first line of punishment for misbehavior unless the student was informed beforehand that specific misbehavior could occasion its use; provided, however, that corporal punishment may be employed as a first line of punishment for those acts of misconduct which are so anti-social or disruptive in nature as to shock the conscience.

- (3) Corporal punishment must be administered in the presence of a principal or his/her designee, who must be informed beforehand and in the presence of the pupil the reason for the punishment.
- (4) The principal or teacher who administered corporal punishment must provide the child's parent, upon request, a written explanation of the reasons for the punishment and the name of the principal or his/her designee who was present.
- (5) Corporal punishment shall not be administered to a child whose parents or legal guardian have upon the day of enrollment of the pupil filed with the principal of the school a statement from a medical doctor licensed in Georgia stating that it is detrimental to the child's mental or emotional stability.

PROCEDURES FOR DISCIPLINARY HEARING OFFICER OR PANELS

Refer to Policy JCEB

STUDENT CODE OF CONDUCT - PARENTAL INVOLVEMENT

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts are extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments. Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct. The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior. Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan. Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan. The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.

Section 20-2-754; any student so

accused shall be suspended pending the hearing. The disciplinary hearing officer, panel, or tribunal composed of school officials appointed by the Griffin-Spalding County Board of Education shall conduct the hearing (JCEB). The decision of disciplinary hearing officer, panel, or tribunal may be appealed to the Griffin-Spalding County Board of Education pursuant to O.C.G.A. Section 20-2-754. The Griffin-Spalding County School Board may impose penalties not recommended by the disciplinary hearing officer, panel, or tribunal. As used in this policy, consistent with the provisions O.C.G.A. Section 20-2-751.6 of the 2002 Georgia Legislature, the term "physical violence" means:

- A. Intentionally making physical contact of an insulting or provoking nature with the person of another; or
- B. Intentionally making physical contact with another which causes physical harm to another unless such physical contacts or physical harms were in defense of self as provided in O.C.G.A. Section 16-3-21. A Student found guilty by a tribunal of committing an act of physical violence which causes physical harm to a teacher, school bus driver, school official or school employee shall be expelled from the public school system for the remainder of the period of the student's eligibility to attend public school pursuant to the provisions of OCGA Section 20-2-150. The Griffin-Spalding County Board of Education, in its discretion, may permit the student to attend an alternative education program for the period of the student's expulsion. If the student who commits the act of physical violence which causes physical harm to a teacher, school bus driver, school official, or school employee is in kindergarten through the 8th grade, then the Griffin-Spalding County Board of Education at its discretion and on recommendation of the tribunal may permit such student to re-enroll in the regular public school program for grades 9-12. If the Griffin-Spalding County Board of Education does not operate an alternative educational program for students in kindergarten through 6th grade, the Griffin-Spalding County Board of Education may, in its discretion, permit such student in grades kindergarten through 6th grade to re-enroll in the public school system. Further, any student who is found by a tribunal to have committed an act of physical violence which causes physical harm to a teacher, school bus driver, school official or school employee shall be referred to a juvenile court or other appropriate law enforcement official for prosecution. Any student found to have committed an act of physical violence against a teacher, bus driver, school official, or school employee which act did not result in physical harm to the victim may be, in the discretion of the Griffin-Spalding County Board of Education, disciplined by expulsion, long term suspension, or short-term suspension. Any student threatening, striking, or causing bodily harm to teacher or other school personnel shall have his or her driver's license suspended pursuant to O.C.G.A. Section 40-5-22.

The tribunal or hearing officer shall also have the authority to modify such expulsion requirement on a case-by-case basis in determining the appropriate punishment. Finally, in any tribunal decision appealed to the board of education, the board may reduce the mandated punishment but shall consider whether the superintendent and/or tribunal or hearing officer considered a reduction and any rationale in denying such a reduction.

STUDENT DRESS CODE

The Griffin-Spalding County School System dress code requires students in middle and high school to dress in a manner that is conducive to a good learning environment. Our behavior patterns are affected by what we wear. When students are wearing proper attire, they are more reserved in their behavior. Visitors and our community judge our schools by the appearance and deportment of our students. Our impressions upon others and the impressions of the entire school are influenced by what students wear.

One objective of a school is to assist students in preparing for life in the business and social worlds. Our schools, therefore, should help students learn to dress in a manner the public finds appropriate. Many fads in dress are not appropriate for school. Therefore, students' dress should reflect neatness, cleanliness and should not distract or cause disruption in the educational process of school.

The school administration reserves the right to determine if a student's dress, hairstyle, etc. are too casual, too revealing, or too distracting in the learning environment to be considered appropriate for school. The safety of all students will be taken into consideration when making decisions regarding appropriate/inappropriate attire including the tucking in of shirt tails.

It is not the intent of this regulation to create hardship or stress on any student or parent, but rather to provide a reasonable standard of dress. Recognizing the fact that no dress code is perfect and there may be some who will not agree on all points, we are requesting the cooperation of all students and their parents in adhering to this policy. The following restrictions, therefore, are imposed:

1. During school hours or at school activities, students should wear appropriate footwear. (Flip flops and bedroom shoes are not appropriate.)
2. During school hours or at school activities, students shall not wear pants that expose skin or undergarments above the fingertips, when arms are held loosely by the side.
3. During school hours or at school activities, students may wear skirts, shorts, skorts, or dresses that fall below fingertip length when arms are held loosely at the side.
4. During school hours or at school activities, students shall not wear tank shirts, halter tops, shirts or dresses with spaghetti straps. In addition, tops that expose cleavage, the midriffs, strapless dresses or see-through clothing are not appropriate during school hours or at school activities.
5. During school hours or at school activities, tails of shirts shall be worn at wrist level or above. Shirts longer than this must be tucked. During school hours or at school activities, students shall wear pants belted at the natural waistline. There will be no "busting slack" or exposure of clothing designed and sold as undergarments during school hours.
6. During school hours or at school activities, students may not wear oversized clothing, skin-tight pants, or form fitting clothing. Students may wear leggings provided a dress or top is worn over the leggings. The length of the dress or top worn over the leggings must fall below the fingertip length when arms are held loosely at the side.
7. During school hours or at school activities, students may not wear clothing in a manner inconsistent with the intended design (Examples: bandanas used as belts, etc.).
8. During school hours or at school activities, students shall not wear clothing displaying obscene or suggestive slogans or shirts with pictures or patches displaying illegal substances for minors. (Examples: symbols of drugs, tobacco products or alcoholic beverages, etc.)
9. During School hours or at school activities, students shall not wear clothing which displays or implies profane, vulgar, obscene or racially offensive language, symbols, or sexual innuendo.
10. During school hours or at school activities, students shall not display emblems, insignias, writing graphics, pictures, badges, tattoos or other symbols where the effect is to cause disruption or interference with the operation of the school.
11. During school hours or at school activities, students shall not wear hats, sunglasses, caps, visors, sweatbands, skull caps,

- do rags, headbands or bandanas. (All hats and caps shall be properly stored during the school day.)
12. During school hours and at school activities, students shall not wear large coats and hoods during the school day. Hoods on sweatshirts must not be pulled over the head.
 13. During school hours or at school activities, students may not wear chains hanging from wallets or clothing.
 14. During school hours or at school activities, students shall not display or wear any gang article, paraphernalia or clothing that can be construed as being gang related. (Examples: bandanas sweat bands, head rags, T-shirts, jerseys, jackets, accessories, etc.)
 15. During school hours or at school activities, students shall not wear jewelry that is offensive, studded, or pointed.
 16. During school hours or at school activities, students shall not wear visible piercing type jewelry (other than ears) or paraphernalia where the effect is to cause disruption or interference with the operation of the school. Chains linking one piercing to another piercing are not allowed.

EXCEPTIONS:

1. School Administrators may alter the dress code for special occasions or extracurricular activities.
2. Parents of students who require an exemption from the dress code for religious, cultural or short-term medical reasons may make application to the principal.

Refusal to comply with the dress code, repeated offenses, or violations of a severe nature may be subject to additional disciplinary procedures. The administration reserves the right to make the final decision relative to appropriate dress. School hours include the time students are transported to and from school on the school bus or any extra-curricular activity.

Receipt of Student Handbook shall serve as first notice of Dress Code Policy JCDB and Administrative Regulation JCDB-R(1)Middle and High Schools or JCDB-R(2) Elementary.

STUDENT SUPPORT PROCESSES POLICY (IGB)

The Board of Education provides a variety of resources which are available at every school within the district to help address student behavioral problems. The school discipline process will include appropriate consideration of support processes to help students resolve such problems. These resources include school counselors, student support teams, chronic disciplinary problem student plans, etc.

STUDENT SUPPORT TEAM

The Student Support Team (SST) is a problem-solving school-based intervention process and is state mandated. Student Support Teams (SST) are comprised of interdisciplinary teachers, resource personnel, parents and at times, students. The team uses a systematic, problem-solving approach to address learning and/or behavior difficulties experienced by students. This includes students who are experiencing a lack of academic progress, are medically challenged, display behavior or emotional challenges.

The Multi-Tiered System of Support (MTSS) Team is committed to providing training, resources, and guidance to school-based teams to help ensure the delivery of high quality instruction, research-based interventions, progress monitoring, and prompt identification of at-risk students. The purpose is to find ways around roadblocks to success for any student referred to the team. For additional information, please contact your school's principal and/or visit: <http://www.gadoe.org>.

TECHNOLOGY ACCEPTABLE USE AGREEMENT

Rationale

Technology use is an important part of educating children to live in the 21st century. This technology includes computer hardware, software, networks, and access to the Internet. Due to the nature of technology and the magnitude of potential information available to students who use technology resources, the Griffin-Spalding County Board of Education has guidelines regarding appropriate use of technology in order to serve the educational needs of students.

Students accessing any network services from any school computer shall comply with the Griffin-Spalding County Schools policies and procedures for appropriate behavior. Administrative staff and teachers reserve the right to monitor any and all use of technology resources by students, including electronic mail and Internet use.

While the Internet is an extremely valuable tool for educational purposes, there may be content that is not appropriate to community, school, and family standards. It is the belief that technology, including access to the Internet, far outweighs the disadvantages. The Griffin-Spalding County Schools, through its wide area network or through filtered hotspots, provides an Internet screening system which blocks access to a large percentage of inappropriate sites. It should not be assumed, however, that users are completely shielded from accessing inappropriate material. There is no screening system that guarantees 100 percent filtering.

Users violating the Griffin-Spalding County Schools appropriate use policy shall be subject to disciplinary action according to the system discipline matrix.

Terms and Conditions

Procedures are in place for the protection of the student and the protection of Griffin-Spalding County Schools technology

resources. The student will be held accountable for any violation of the following policies. Students and their parents and/or guardians will be responsible for damages and liable for costs incurred for service or repair due to malicious acts or technology use violations.

Examples of PROHIBITED conduct include but are NOT limited to the following:

- A. Accessing, sending, creating or posting information or communications that are damaging, abusive, obscene, sexually oriented, threatening or demeaning, harassing, or illegal.
- B. Posting or plagiarizing work by another person.
- C. Posting anonymous or forging communications.
- D. Attempting to read, alter, delete, or copy the communications of others.
- E. Giving out personal information including, but not limited to, mailing addresses, social security numbers, credit card or checking account information.

- G. Loading or using games, public domain, shareware, VPN's, or any other unauthorized program on any school equipment.
- H. Purposefully infecting any technology equipment with computer virus or program designed to damage, alter, destroy, or provide access to unauthorized data or information.
- I. Gaining access or attempting to gain access to unauthorized or restricted network resources.
- J. Altering or attempting to alter the configuration of a computer, the operating system, or software.

TITLE I INFORMATION

WHAT IS THE EVERY STUDENT SUCCEEDS ACT (ESSA)?

The Every Student Succeeds Act (ESSA) was signed by President Obama on December 10, 2015 and represents good news for our nation's schools. This bipartisan measure reauthorized the 50-year-old Elementary and Secondary Education Act (ESEA), the nation's national education law and longstanding commitment to equal opportunity for all students. The new law builds on key areas of progress in recent years made possible by the efforts of educators, communities, parents and students across the country. The Every Student Succeeds Act can be found on the U.S. Department of Education website at: <http://www.ed.gov/essa>.

WHAT IS TITLE I?

Title I is a part of ESSA. This act provides money to public schools with high numbers of children from low-income families. Title I is designed to ensure that all children have the opportunity to obtain a high quality education and reach grade-level proficiency. Title I programs must be focused on improving student achievement and include strategies to support parent and family engagement. Additionally, ESSA requires school districts to set aside Title I funds to serve homeless and neglected students who do not attend schools participating in Title I. These services are comparable to services provided to children attending a Title I school.

WHAT IS A TITLE I SCHOOL?

Title I schools are the schools that are given funding from ESSA. Schools are given funding based on the number of children who qualify for free or reduced price lunch. All schools in the Griffin-Spalding County School System are designated as Title I for the 2022/2023 school year.

WHAT ARE TARGETED ASSISTANCE SCHOOLS?

A targeted assistance school is a school that must use Title I funds to focus on helping the students most at risk of failure on state assessments. Funding is used to help participating children meet state standards and ensure students are taught by staff that meet professional qualifications.

WHAT ARE SCHOOLWIDE SCHOOLS?

In schoolwide programs, Title 1 funds are used to serve all of the children in the school. The purpose of schoolwide Title I programs is to improve the entire educational program in a school which should result in improving the academic achievement of all students, particularly the lowest achieving students. The core elements of a schoolwide program are (1) needs assessment, (2) plan and (3) evaluation. All schools in the Griffin-Spalding County School System are designated as Title I Schoolwide Schools for the 2022/2023 school year.

VISITORS

Parents and other visitors on school business are always welcome in the Griffin-Spalding County Schools. All visitors should report to the front office to sign in. All Griffin-Spalding schools are using Raptor, a visitor management system which will allow us to track visitors, contractors, and volunteers in each school and provide a safer, more monitored environment for students and staff. Each visitor will be asked to present a valid state-issued ID, which will be scanned into the system. Upon reading the information, Raptor will check the national database to identify sexual offenders. Once entry is approved, a badge will be issued with the visitor's name, date and the purpose of his/her visit. No data is stored in the system. Social visits are prohibited during the instructional day. This is to ensure the safety and welfare of each student and prevent disruption of instructional time in the classroom. Former students and others who wish to visit with staff members should arrange an after-school appointment through the office of the principal

WELLNESS – SOCIAL AND EMOTIONAL SURVEY

In an effort to better understand how to support students GSCS utilizes a wellness survey twice per year to assist in identifying students who may be at risk for challenging behaviors. This survey consists of items that students will self-report on their own behavior attributes. The survey is not intended as an assessment of static traits or personality, and it is not used to determine eligibility or access to programs such as special education. It will be used as one of many data sources to inform instruction and to indicate student risk. Parents wishing to opt out of the survey may do so by contacting their school counselor in writing by September 1st for the fall survey and February 1st for the winter survey. This notice is being provided to you under the Protection of Pupil Rights Amendment (PPRA).
